How to setup your Phone as a modem with the Sony Ericsson T616/T610

Note: Make sure you have the correct information from your Phone provider such as the Dial up Number, User name and password if required. You may also use an Internet Service Provider such as Earthlink or SBC Global. This information will be required when setting up Dial up Networking.

Section: 1 Activating Bluetooth and pairing the phone.

- 1. Go to the **Main Menu** on your Sony Ericsson Phone.
- 2. Go to **Connect** and select it by pressing the center of your **Scroll Key**.
- 3. Select Bluetooth.
- 4. Make sure Bluetooth is set to **ON**.
- 5. Select My Device, add new advice.
- 6. Your Phone will search your area for active Bluetooth devices.
- 7. Select the Computer you would like to connect your phone to.
- 8. Enter a passkey, use **0000** and click **OK**.
- 9. On your Computer check the taskbar (next to the Clock) for the Passkey prompt
- **10.** Click on the Bluetooth Passkey prompt or click on the Bluetooth Icon to put in the Passkey.
