Introduction

Congratulations! You have just purchased the definitive tool to extend your handheld’s capabilities. The Belkin G 700 Portable PDA Keyboard will give you an easy and convenient way to add data to your Pocket PC handheld.

Designed for the mobile professional, the G700 weighs in at only seven ounces and closes to a size compact enough to fit easily into a coat pocket.

For our complete selection of PDA accessories and mobile enhancements, please visit us at belkin.com.
Features and Specifications

- Easy connection compatibility with your Pocket PC OS device
- Standard QWERTY keyboard layout
- Shortcut keys for faster operation
- Ultra-portable design
- Pass-through charging capability

Opened:
9.85” x 6.97” x 2.88”
(250mm x 177mm x 73mm)

Closed:
5.83” x 3.78” x .65”
(148mm x 96mm x 16.6mm)

Weight:
7 ounces (198.4g)

Temperature Endurance: 70° C (158° F)

Power Consumption:
In Operation: .5mA
In Sleep Mode: 1μA
Operating the Keyboard

Opening the Keyboard

1. Open the keyboard by pressing the button.
2. Raise the lid and stand so that they are fully extended.
3. Flip up the keyboard connector stand to its full upright position.
4. Pull out the left and right section of the keyboard until the middle section pops up.
5-6. Push the left, then the right section of the keyboard together.
Operating the Keyboard (continued)

Closing the Keyboard
1. Gently pull the left and then the right section of the keyboard apart.
2. Push the left and right section of the keyboard forward the center of the keyboard. The middle section will automatically move down and make room for the left and right sections. DO NOT push down on the middle section.
3. Flip down the keyboard connector head until it lays flat within the keyboard.
4. Pull the lid and stand together.
5. Press the lid together with the upper frame.
6. Gently press down on the cover until it snaps in the closed position.
On-Keyboard Charging
The G700 keyboard is designed with an electronic circuit that accepts AC power. The power receptacle is located on the side of the keyboard.

Note: Your PDA must be equipped with rechargeable batteries as standard equipment. This feature is not compatible with aftermarket recharging products.
Installing the G700 Keyboard Driver

Before Installation
1. Disable any other keyboard applications that you have installed on your Pocket PC handheld.
   (Refer to the user guide included with your Pocket PC handheld for instructions on this.)
2. You must have at least 100Kb of available memory to install the driver.

Install the Driver
1. Connect the Pocket PC handheld to a computer using the docking cradle or cable.
2. Establish a connection between the computer and the Pocket PC handheld using Microsoft ActiveSync® software, then back up the data on your Pocket PC handheld. (Refer to the user guide included with your Pocket PC handheld for instructions on this.)
3. Insert the CD into an optical drive on the computer.
4. Software installation begins automatically. Follow the on-screen instructions to install the software.
   If installation does not begin automatically, select “Start > Run” from the “Start” menu on your desktop or notebook computer. In the dialog box, enter “X:\Setup” where X is the letter of your optical drive. Select “OK”. Follow the on-screen instructions to complete the installation.
5. After the software is installed, disconnect the Pocket PC handheld from the docking cradle or cable.

**Enabling the Driver**

1. Turn on the Pocket PC Handheld.
2. Select “Start > Programs”. 

![Pocket PC menu]

---

8
3. Select the “Belkin G700 Keyboard” icon.

4. Add a check mark in the check box in front of “Enable Keyboard”.

Connecting and Removing the PDA

1. Align the PDA’s connector with the keyboard’s connector. Gently slide the PDA onto the connector until it is firmly seated on the connector.

2. To remove, hold the keyboard in place and gently pull the PDA up from the connector until it is completely removed from the keyboard.
Configuring the Keyboard
You can configure several features on your Belkin G700 PDA Keyboard. To customize your keyboard:
1. On your Pocket PC handheld, navigate to the “Belkin G700 Keyboard” application and open it.
2. Select the “Setting” tab.
3. Adjust any of the following settings.
4. Tap the "Map hardware buttons" and check the box that programs the shortcuts that you need. Select the "Map hardware buttons" combo box that is a required key to map the "Calendar/Tasks/Home/Contacts" hardware buttons. This is useful when using the keyboard for gaming.

5. Tap the “Test string here” field to enter characters from the keyboard.
Certain keys on the G700 Keyboard can directly launch applications and perform additional functions in the combinations listed below.

Assigning Hotkeys

You can assign specific hot key combinations (Fn + 0 through Fn + 9) to directly launch a variety of applications with just a few keystrokes.

1. On your Pocket PC, tap the “Belkin G700 Keyboard” application and launch it.
2. Select the Hot key tab.

3. Select the hot key combination (Fn + 1, Fn + 2, and so forth...) you want to assign in the top window.
4. Select the application you want to assign to the hotkey combination in the bottom window.
5. Click on the “OK” button at the top of the screen to enable the assignment and close the window. This completes the hot key assignments.
Frequently Asked Questions

A) How do I uninstall the driver?
Select “Start > Settings > System tab > Remove Programs”. Select “Belkin G700 Keyboard” from the list of applications and then, select “Remove”. Reset your Pocket PC for several seconds so your new settings can take effect.

B) I pressed a key on the keyboard, but the letter did not register.
Be sure the keyboard is securely connected to the Pocket PC. If the connection is secure, remove the keyboard driver from the Pocket PC, and then reinstall it.

C) How can I make backlight (front light) stay on while typing?
Select, “Start>Settings>System tab>Backlight” (or “Front light” in some handhelds).
Select the “Battery Power” tab. Remove a check in the “Turn off backlight if device is not used for...” checkbox.
Select “OK”.

DECLARATION OF CONFORMITY WITH FCC RULES FOR ELECTROMAGNETIC COMPATIBILITY

We, Belkin Components, of 501 West Walnut Street, Compton, CA 90220, declare under our sole responsibility that the products:

F8A1500

to which this declaration relates:
Comply with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CE Declaration of Conformity

We, Belkin Components, declare under our sole responsibility that the F8P3502, F8H1501, and F8Y1501, to which this declaration relates, are in conformity with Generic Emissions Standard EN55022:1998 and with Generic Immunity Standard EN55024:1998.

ICES Statement

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Belkin Components Limited One-Year Product Warranty

Belkin Components warrants this product against defects in materials and workmanship for one year. If a defect is discovered, Belkin will, at its option, repair or replace the product at no charge provided it is returned during the warranty period, with transportation charges prepaid, to the authorized Belkin dealer from whom you purchased the product. Proof of purchase may be required.

This warranty does not apply if the product has been damaged by accident, abuse, misuse, or misapplication; if the product has been modified without the written permission of Belkin; or if any Belkin serial number has been removed or defaced.

THE WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE IN LIEU OF ALL OTHERS, WHETHER ORAL OR WRITTEN, EXPRESSED OR IMPLIED. BELKIN SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

No Belkin dealer, agent, or employee is authorized to make any modification, extension, or addition to this warranty.

BELKIN IS NOT RESPONSIBLE FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOST PROFITS, DOWNTIME, GOODWILL, DAMAGE TO OR REPROGRAMMING, OR REPRODUCING ANY PROGRAM OR DATA STORED IN OR USED WITH BELKIN PRODUCTS.

Some states do not allow the exclusion or limitation of incidental or consequential damages or exclusions of implied warranties, so the above limitations of exclusions may not apply to you.
This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.
